Bill Steel – In Memory

Peacefully, at St. Peter's Hospital, on Thursday, February 13, 2020 in his 92nd year. Beloved husband of the late Janet. Devoted father of Charles, Connie Chainey (Gilbert) and Valorie Schur (the late Douglas). Devoted grandfather of James Steel, Adam Chainey (Anj), Kevin Chainey (Heather), Shaun Steel, Heidi Chisholm (Daniel) and great-grandfather of John William, Claire, Coen and Peyton. Predeceased by his brother Bob and his sister Mary. Bill was a proud member of Wentworth Lodge 166 A.F. & A.M., Hamilton Shrine Club and a faithful member of St. Columba Presbyterian Church. Special thank you to the doctors, nurses and staff at St. Peter's Hospital for all of your care. Funeral was held February 18, 2020. In lieu of flowers, donations to Shriners Hospital for Children or the charity of your choice would be greatly appreciated. Notes of sympathy and condolences may be left at www.donaldvbrown.ca.

Our Neighbourhood – A Walk with Robert Fraser

Hamilton Beach resident, Robert Fraser has been walking the neighbourhood, taking an inventory on different things. In this edition of the Banner, we are reporting on “Where have all the streets signs gone”, postal boxes and fire hydrants.

Street signs:

- Manor Ave, there is a Trail (T) sign but no Beach Blvd (BB) end sign. I’m told the missing sign is in good hands
- Until just recently (Feb 19) no sign on Pandora (T) end but now on BB end
- 4th Ave has no (BB) sign or (T) sign, but there is a sign at the bus stop on the bayside
- Killarney has no (T) sign
- Woodland has no (T) sign

Fire Hydrants:

On a brighter note we seem to be well served with fire hydrants. Blue bonnets (or tops) have the greatest volume 95+ litres/sec while red are the weakest at 31 litres/sec. In driving along the lakeside there are 39 hydrants, one at 1117 appears to red, and one at 935 appears also to be red. Most every bayside street has one hydrant except Bayside (I could not find one). Wark has one at the corner with Beach Blvd. In the 2-town house complexes each one has 2 red hydrants. Interesting to note that some lakeside streets also have hydrants – Fitch for one.

Postal Boxes:

Good news is that we have 3 Canada Post collection boxes on the bayside.

Nevada Break-Open Tickets

Help support the kids of the Hamilton Beach Community by purchasing Nevada Break-Open tickets that are available at the Beach Variety Store. Funds raised from the sales of these tickets goes towards activities for the kids of the Beach Community. Events such as the kids Christmas Party and the Easter Egg-stravaganza on Good Friday. Please support your community by stopping by the Beach Variety Store and purchasing some Nevada tickets!!

Particulate and Salt Fallout

If you see any fallout from the industry around the harbor that is affecting the Beach, please call and report it. The Ministry of the Environment 24-hour line 1-800-268-6060, local office line, 905-521-7650, or you can reach out to Adrienne Clark at 905-521-7716.

For the last couple of years, the Port has allowed the storage of mountains of road salt that when left uncovered or moved impacts the residents in the area. Unlike coal dust, salt can corrode and damage your home and vehicle. The salt companies have moved these piles further north on Eastport Drive this year and the impacted areas border on the side streets between Locarno Avenue and Knapman Avenue. We ask that residents keep watch during times of high winds and report all occurrences to the MOE and please contact the community so that we can keep track as well – hbcf@cogeco.ca
